EDITOR'S NOTE

Issue 11 closes the Leverage book. Galt & Taggart is shut indefinitely after the MSTR.CFD trade cycle netted -78.63; the remaining \$211.37 was moved into BOG as cash, awaiting its next deployment. An internal transfer like this does not change total deposited — the lifetime figure holds at \$1,869.62.

Dogma keeps compounding quietly (+18.20%), while the Active Desk sits deep in the red on MSTR (-49.33%). Two books live, one closed. Fees to date: \$47.50.
