*First real expansion of the Dogma roster since the spring. A fresh **\$185** deposit landed and was fully deployed the same minute: three new names — **MP Materials** (\$67), **Vertiv** (\$50), **Walmart** (\$26) — plus a \$40 top-up to **ASX**. Eight positions now, cost basis \$1,236.23, book value \$1,387.12, real profit +\$253.36. The Active Desk sat still — MSTR carried from Issue 06 at \$315.73. And the third leg woke up: **Galt & Taggart funded with \$290**, still all cash, no position. From here that balance feeds the startup capital goal directly, live.*
